FISH & CHIPS

## ABOUT POPS

Poppie's is renowned for authentic fish and chips – and it's little wonder, with born and bred East-end proprietor, Pat 'Pop' Newland, at the helm. Now in his seventies, Pop's career in the fish and chip business started aged 11, when he got a job on Roman Road cutting up copies of The Daily Mirror to wrap fish and chips in.

Half a century on, with decades of experience behind him, 'Pop' fulfilled a lifelong dream of founding his own fish and chip shop, Poppie's. The batter recipe may be decades old, and the decor is inspired by East End icons from Pop's childhood – but beyond the nostalgia, Poppie's is helping steer the fish and chip industry into a new era.

## T.BUSH finest FRESH FISH

All the fish used at Poppie's is sustainable. It's caught on day boats and then delivered to the shop by third generation Billingsgate fishmonger and old friend, Joe.

## OUR FISHMONGER

Salih is a veteran fishmonger and fryer with almost fifty years of industry experience. Salih is known for his high standards and quality-control.

He takes a delivery of fresh fish from Billingsgate Market every morning, which he fillets on site to ensure the most delicious product.

**SUSTAINABLE FISHING** - Poppies source all its fish from sustainable traders at our local Billingsgate fish market. Some fishing methods are wasteful, trawling the seas and discarding young, small or unwanted fish and diminishing fish stocks. These overly large nets scrape away at the fragile sea bed, damaging the habitat of dolphins, in the process. Poppies fish is harvested with care and delivered in wonderful condition to your plate.
