

## ABOUT POPPIES

Poppie's Fish and chips are fun, a guilty pleasure and an old fashioned Great British classic. At Poppie's we do things properly. Whether it is the sourcing of ingredients or the presentation we follow the course the Captain of the ship Pops set us on back in 1952.

The city is fast and Poppie's is the escape. A nostalgic throw back in time with memorabilia, music and chatter alongside good old fashioned food served with care and love.

We are welcoming and we are a community.

For mouth tingling, lip smacking, ketchup pouring, gravy drowning indulgence we are the experts at all things fish and chips.

#### SUSTAINABLE FISHING

Some fishing methods are wasteful, trawling the seas and discarding young, small or unwanted fish and skinning fish stocks. These early large nets scrape away at the fragile sea bed, damaging the habitat of dolphins, in the process. Poppie's fish is harvested with care and delivered in wonderful condition to your plate.
